

Partnership with Volkswagen Mobility Solutions Rwanda

Kigali - 23 April 2024: Volkswagen Mobility Solutions Rwanda (VWMSR) is thrilled to announce a partnership with Vivo Energy Rwanda Engen Licensee, aimed at enhancing the fueling experience for drivers across Rwanda with the introduction of the new **MOGAS95** high-quality premium fuel.

This collaboration marks a significant milestone for Volkswagen Vivo Energy Rwanda, underscoring their shared commitment to delivering superior fueling options to Volkswagen customers. With the introduction of MOGAS95, Volkswagen will now be able to offer newer car models, such as the new Teramont, equipped with the latest technology and features.

Mr. Serge Kamuhinda, CEO of Volkswagen Mobility Solutions Rwanda, expressed his excitement about the collaboration, stating, "We are delighted to partner with Vivo Energy Rwanda to introduce the new MOGAS95 fuel to our customers. Having reliable partners like Vivo Energy Rwanda is instrumental in our efforts to enhance mobility in Rwanda."

Mr. Saibou Coulibaly Managing Director at Vivo Energy Rwanda expressed his enthusiasm about the partnership, stating, "We are thrilled to partner with Volkswagen Mobility Solutions Rwanda to introduce premium fuel options to their customers. Our MOGAS95 fuel is designed to increase engine performance and efficiency, enable combustion at its optimum point safeguarding modern engines and reduce emissions for a better environment."

This collaboration between VWMSR and Vivo Energy Rwanda represents a significant step forward in advancing mobility solutions in Rwanda. By offering MOGAS95, both companies are committed to providing customers with a superior fueling experience that enhances performance, protects engines, and promotes environmental sustainability.
